

Solutions Architect at Databricks with 25 years in data & analytics - from Business Intelligence and data warehousing, through SAP Predictive Analytics and SAP HANA, to data science and the modern Lakehouse. I design and build end-to-end Data & AI solutions: Lakeflow ingestion, Unity Catalog governance, ML/GenAI, Genie, and production Databricks Apps. Databricks Employee of the Year FY26 (Field Engineering, BeNo).

EXPERIENCE

Solutions Architect · Databricks

Jan 2025 – Present

- Design and build end-to-end Data & AI solutions on the Databricks Lakehouse for enterprise customers.
- Lead hands-on evaluations and mock-ups with Spark, Python, and SQL; develop reference architectures, how-to guides, and demo apps.
- Engage the Databricks technical community through workshops, seminars, and meetups.

Chief Consultant, Data Science · EPA / SGAV

Oct 2019 – Dec 2024

- Applied Databricks, ML, and geospatial analytics to environmental classification challenges.
- Led AI/ML PoCs building nationwide geospatial probability maps from LiDAR, Sentinel-2, and orthophotos.

Principal Consultant, SAP Predictive Analytics · SAP

Mar 2014 – Sep 2019

- Delivered predictive analytics with SAP Predictive Analytics, SAP HANA, R, and Python across presales and production.
- Built custom R/Python algorithms (change point detection, vibration analysis) and SCADA time-series forecasting.

Senior SAP Business Intelligence Consultant · SAP

Jan 2012 – Feb 2014

- BI strategy, solution architecture, and performance management on SAP BusinessObjects, BW, and HANA. Knowledge Champion, BO Modeling & Data Management (2013).

SAP BI Architect & Developer / Senior DW Consultant · Energinet.dk

Aug 2007 – Dec 2011

- Designed and implemented enterprise BI on SAP BusinessObjects; built an EDW with SAP BW & Data Services; BI strategy, roadmap, and governance.

External Lecturer · University of Southern Denmark

Jan 2005 – Jan 2009

- Taught "Data Warehouse & Data Mining"; advised bachelor's and master's projects on BI, Balanced Scorecard, and Data Warehousing.

BI Consultant → Senior BI Consultant · Intentia International / Lawson Software

1996 – 2007

- End-to-end BI implementation - presales, data modeling, development, and training - for manufacturing, retail, and distribution, on Cognos and BusinessObjects.

EDUCATION

Master in Cyber Studies

Univ. of Southern Denmark

Master in IT (MITKO)

Univ. of Southern Denmark

Degree in Engineering

Supply chain optimization, logistics & manufacturing

HONORS & AWARDS

- Databricks FE Excellence Award - Annual FY26 (BeNo)
- Databricks FE Excellence Award - June FY26 (Nordics SA)
- Databricks Hackathon, 2nd Place - agentic OEE (2025)
- SAP Internal Hackathon, 1st Place - IoT predictive maintenance (2015)
- SAP Winners Circle (2014)
- High Performance Club, Intentia (2003)

SKILLS

Databricks: Lakeflow, Unity Catalog, Lakebase, Genie, Apps, MLflow, Model Serving, Delta, Spark

AI/ML: GenAI & LLMs, AI Agents, Predictive ML, Forecasting, Vector Search

Engineering: Python, TypeScript, R, SQL, FastAPI, React

Enterprise: SAP HANA, Data Modeling, Medallion Architecture, Governance

CERTIFICATIONS (SELECTED)

- Databricks Certified: GenAI Engineer, Data Engineer Professional, ML Professional (+3 more)
- Certification SME: GenAI Engineer, Data Engineer, Data Analyst
- 22 Databricks certifications & accreditations total

PUBLICATIONS

- Generativ AI som forsvær mod desinformation (thesis, 2024)
- Udvikling af målstyringskoncept for Energinet (thesis)
- Building an AI Optimization Agent on Databricks to Boost OEE (2026)
